

# BAC Case Study

## Merlin Housing Society: CCTV System

Merlin have over 8000 properties in the South west of England and trust **BAC Fire & Security Ltd** to ensure the safety of their residents and sites.

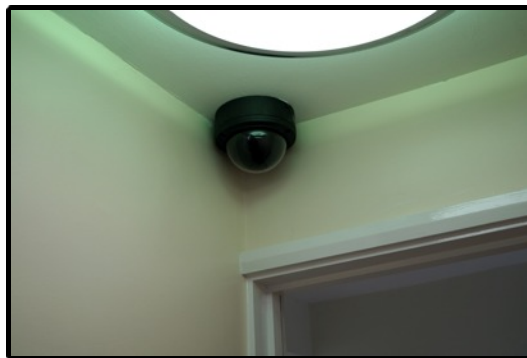

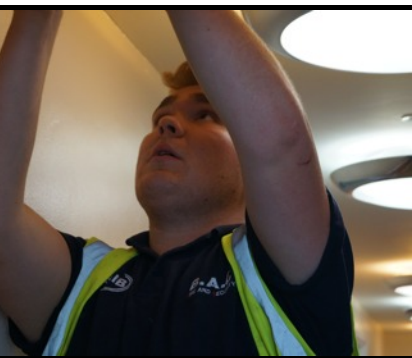

This briefly outlines the work undertaken on the most recent CCTV installation.

**Merlin Housing Society is a not-for-profit organisation, and regulated by the Homes and Community Agency.**

**They have also adopted the National Housing Federations; Excellence in Standards for members 2010.**

High standards are a pre-requisite for any company undertaking work for Merlin, BAC were the obvious choice.

*"BAC provide consistent quality in their work and we would recommend them without hesitation" - Merlin Housing*

**BAC provided** a bespoke system that covers all access points and areas of potential issue within the site. The cameras installed were a combination of internal and external models, equipped with Infra-red allowing excellent image quality regardless of whether night or day.

**With all 24 Hrs sites, CCTV  
can be a much needed  
deterrent in 'high risk' areas.**
